‘Accessible information involves everyone...’

**Get accessible in 2010!**  
**Make your own accessible website with Click Start.**

Click Start provides tools and training for creating accessible web information for young people with learning difficulties and disabilities.

This service is completely **FREE** to anyone with information and services to offer to this target group as they make the transition to adult life in the community.

- Make your information accessible to all with simple design, easy-read text, pictures and sound.
- The ‘Easy-build’ web template enables you to involve your service users in the website making process.
- Your website will be linked to your local borough’s Click Start web portal and the national Click Start portal for transition.

**PARTICIPATING BOROUGHS**

Newham • Redbridge • Barking & Dagenham • Havering • Lewisham • Tower Hamlets  
Hackney • Greenwich • Bexley

**HURRY** because between January and March 2010 The Rix Centre and Ellingham Employment Services are providing...

- Free Click Start training at the University of East London
- Free bespoke training sessions within your local borough
- A free ‘Wiki’ website-making service – Teams of specially trained young people from your local colleges will come and create your website for you.
- Free advice, guidance and support for your organisation to promote and describe its services in accessible multimedia formats.

**Click Start websites are easy to build, easy to edit, and completely FREE.**  
**Get one now!**

What is a social worker?

Wiki Home

What we offer?

Social Workers

A social worker helps people to keep safe and well. They do this by arranging support workers or finding other people to help you.

What is a social worker? Social Workers A social worker only works with people who need their help If you want a social worker...
